

## P ▲ R ▲ D O X

Radio receiver

RTX3

### POWER CONSUMPTION

|                       |               |
|-----------------------|---------------|
| Relay output type     | <b>C</b>      |
| Relay voltage output  | <b>28V</b>    |
| Relay Amperage output | <b>5000mA</b> |

### GENERAL INFORMATION

|               |                           |
|---------------|---------------------------|
| Type          | <b>Radio Receiver</b>     |
| Compatibility | <b>Spectra / Magellan</b> |

### ZONES

|                 |           |
|-----------------|-----------|
| Expansion areas | <b>32</b> |
|-----------------|-----------|

### CERTIFICATION

|           |                |
|-----------|----------------|
| Grade     | <b>2</b>       |
| Normative | <b>EN50131</b> |

### PROGRAMMABLE OUTPUTS

|                 |          |
|-----------------|----------|
| Maximum of PGMs | <b>3</b> |
|-----------------|----------|
