## Video passive balun 2 unit

### VK-BALUN-4K

#### TRANSMISSION

|                                      |                                               |
|--------------------------------------|-----------------------------------------------|
| Distancia de transmisión HDCVI 720p  | 440 m                                         |
| Distancia de transmisión HDCVI 1080p | 250 m                                         |
| Distancia de transmisión HDCVI 4K    | 200 m                                         |
| Distancia de transmisión HDTVI 720p  | 250 m                                         |
| Distancia de transmisión HDTVI 1080p | 250 m                                         |
| Distancia de transmisión HDTVI 4K    | 130 m                                         |
| Distancia de transmisión AHD 720p    | 320 m                                         |
| Distancia de transmisión AHD 1080p   | 250 m                                         |
| Distancia de transmisión analógicas  | 400 m                                         |
| Impedancia de entrada                | 100 Ohm                                       |
| Impedancia de salida                 | 100 Ohm                                       |
| Formatos compatibles                 | HDCVI / HDTVI / AHD / Analogic                |
| Resolución                           | 1 Mpx / 2 Mpx / 3 Mpx / 4 Mpx / 5 Mpx / 8 Mpx |
| Transmission distance HDCVI 4Mpx     | 200 m                                         |
| HDTVI 4Mpx transmission distance     | 180 m                                         |
| Transmission distance AHD 4Mpx       | 200 m                                         |
| Distancia de transmisión AHD 4K      | 150 m                                         |

#### GENERAL INFORMATION

|       |         |
|-------|---------|
| Type  | Passive |
| Units | 2       |

#### CHARACTERISTICS (BALUNS)

|                     |                     |
|---------------------|---------------------|
| Categoría del cable | UTP category 5E / 6 |
| Type                | Video               |

#### MATERIAL AND DIMENSIONS

|                       |                      |
|-----------------------|----------------------|
| Dimensions            | 173.8 x 19.5 x 21 mm |
| Net weight            | 35 g                 |
| Weight with packaging | 52 g                 |
| Color                 | Black                |

#### VIDEO (BALUN)

|                   |          |
|-------------------|----------|
| Número de canales | 1        |
| Entrada           | BNC Male |
| Salida            | UTP      |

#### AMBIENT

|                       |                |
|-----------------------|----------------|
| Operating temperature | -30 °C ~ 70 °C |
| Maximum humidity      | 95%            |

#### PROTECTION

|                        |     |
|------------------------|-----|
| ESD Conector cable UTP | 2KV |
|------------------------|-----|
